Glenwood students are fortunate
 in having access to a modern
 building with the latest facilities.
 These include newly built tennis
 courts, shop rooms, classrooms,
 and a library which holds 5,000
 volumes and is one of the largest
 in the county.

It is a big step from junior high to high school. At first the new student may have trouble adapting to the ponderous homework assignments, the stampede between classes, and the many new faces. But soon he learns to accept them as a part of the daily routine.

Seniors are largely responsible for the reputation and achievements of the school. They are usually the club presidents, editors, committee chairmen, and the lettermen. While the Seniors have the responsibility of setting an example for the underclassmen, they also have a need for their friendship and cooperation.

The hard-working football players and coaches are to be congratulated for a job well done. After losing four out of the first five games, the fighting Eagles rebounded by winning the final five. Highlights of the season include seven goal line stands in a row, fine league play, against some rough teams, and once again an upset victory over North Canton Hoover. Special awards were given to Jim Adkins, Dave Darr, Jeff Phillips, Chris Rodger, and Lynn Warner.

The '62-'63 basketball team can be proud of setting a new school record by scoring 88 points against the Fairless Falcons. The Eagles ended the season with a 9-9 record and were edged by the Lehman Polar Bears 46-40 in the tournament game.

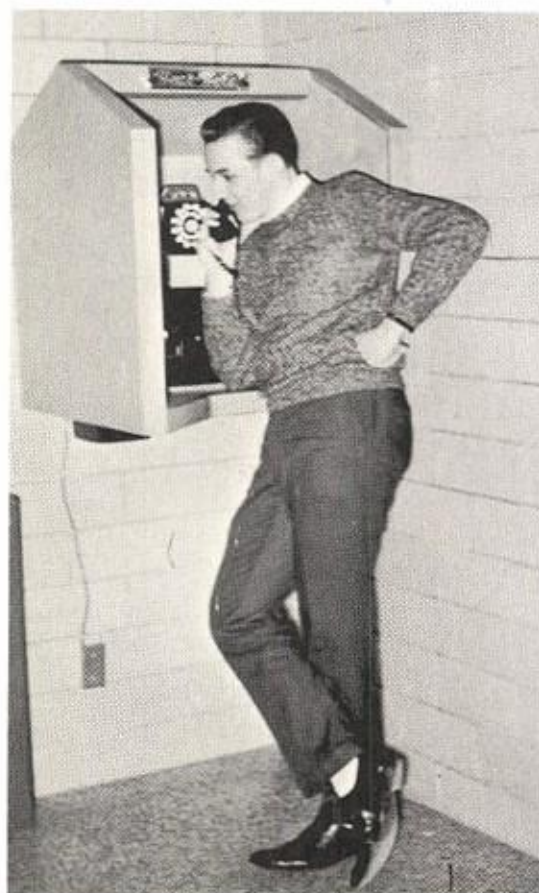

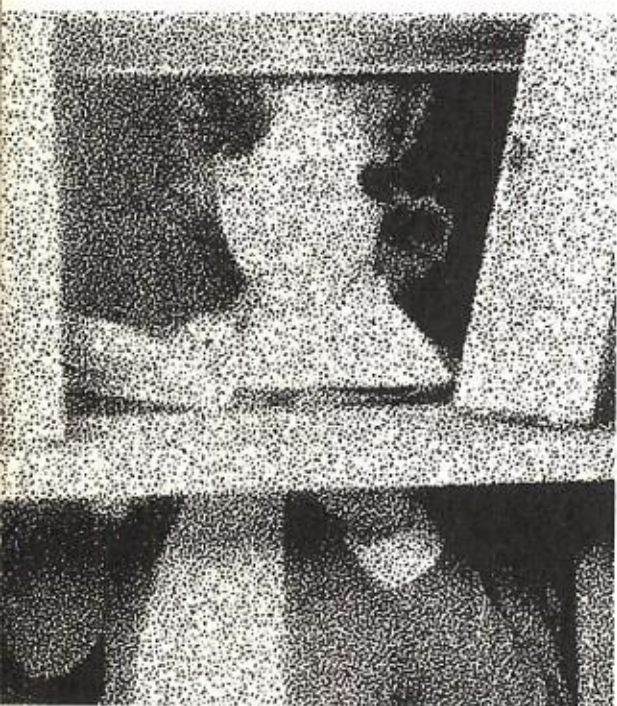

High scorer was Denny Westhoefer who was also chosen for the second team of the AA-League All-Stars. Dick McMurry and Vic Nicodemo received Honorable Mentions.

Lunch period—when students turn their eyes and thoughts to the sights and smells of the lunchroom. It is a break in the daily routine which gives nourishment, both mental and physical, to continue the day in tip-top shape.

For some it is a time of relaxation or fun, for others it is another chance to catch up on an assignment or last minute brushing-up for a test. One can take in an intramural game, visit the library, get a breath of fresh air on the mall, or participate in the most popular pastime—a gab session.

A strange combination of reading, writing, and disciplining goes on within the walls of a study hall. Teachers get a work-out patrolling the aisles, keeping talk to a minimum, and reminding the students of the study hall's purpose—to study!

Most of the student body cooperates in upholding this noble purpose, but violators insist on including talking, tic-tac-toe, and naps.

Homecoming is always a special event during football season. A halftime show, where the queen is crowned, and a dance afterwards are part of the program for the big evening.

Reigning as Homecoming Queen for 1963 is Miss Linda Sweeney. Her court consists of Pam Everhart, Pat Goshen, Penny Harris, and JoAnn Murphy.

As the sun sets on graduation day, the student looks forward to new horizons influenced by many factors. A paramount influence is the faculty—dedicated men and women who not only convey facts and figures, but also help mold enthusiasm and an appreciation for education.

As a student progresses in life, he may well recall a valuable word of encouragement and even discipline from his high school teachers.

It might incriminate one or the other of us!

The Grasshopper and the Twig

TO the bulging eyes of the grasshopper it was just a spray of green young twigs, full of sap and spring.

The next instant one of the twigs lunged forward. The 'hopper was clamped in a pair of vise-like arms. The Praying Mantis, twig-shaped hunter of the insect world, began to dine.

Natural camouflage is not restricted to insects. Human "twigs", too, disguise their deadliness. Communists look and act and talk just like other people.

If we as individuals cannot penetrate the Communists' disguise, how can we possibly combat them?

The answer is so simple it is widely ignored. We can keep them out of positions of trust, where they can really harm us—simply by being *in* those positions of trust ourselves.

It means that many more of us must make the same kind of extra effort the Communists willingly make. It means ordinary citizens getting into active politics, joining civic organizations, doing the jobs the Communists would *like* to do.

It means work, no two ways about it. But if true Americans don't do it, Communists gladly will.

And it's work by which we could provide a powerful defense against our perfectly-disguised enemies, the Communists.

He's fitting a cap for a Minuteman

...and it must be an awfully good fit. For this is one of the tough-to-machine superalloy, dished domes for the Minuteman missile's first stage fuel casing. They demand plenty of machining ingenuity because it takes near-perfect concentricity to assure proper firing of the missile's solid fuel. Bliss solved the problem with an unusual fixture that holds the thin-walled parts firmly, permits close-tolerance machining. ■ As a major defense contractor, Bliss also fabricates nozzles for the Minuteman, overrun barriers for the Air Force, large components for both nuclear-powered and Polaris-firing submarines, catapults for Marine Corps jet fighters. And defense is only one facet of the growing, changing world of Bliss.

To Phil,
 I've never met a boy
 with such a big heart.
 Making people happy is your
 biggest concern. It's this
 quality, plus your wit and good
 looks, that make you a real credit
 to Greenwood. I sincerely wish you
 the best of luck in everything you
 do, you deserve only the best!

Always,
 Judy
 Jay

Phil,
 To A real swinger, who I adore
 even though you have your troubles
 in Satan which is mutual. I hope you
 fall for some doll and get married. I
 hope you never forget all the terrific
 times we shared and my trials in
 Satan.
 Greg
 (Set well)
